SECTION 1: INTRODUCTION

1.1 – Policies & Procedures and Compensation Plan Incorporated into Brand Partner Agreement

The Policies and Procedures (“P&Ps”) and Compensation Plan, in their current form and as amended periodically at the sole discretion of R U Solar LLC (“RU SOLAR”) are incorporated into the R U Solar LLC Brand Partner Agreement.

1.2 – Purpose

The Purpose of the P&Ps is to define the relationship between RU SOLAR and the Brand Partner, to set standards of acceptable business practices, and to support Brand Partners in building and protecting their RU SOLAR direct selling businesses in a manner that is in compliance with these P&Ps. Any violation of the P&Ps may result in disciplinary action including probation, suspension and/or termination at the sole discretion of RU SOLAR.

1.3 – The Agreement

Together the Brand Partner Agreement and the P&Ps, as they may be amended, constitute the entire contractual agreement (“Agreement”) between RU SOLAR and each Brand Partner and supersedes any and all prior oral or written agreements or understandings between RU SOLAR and a Brand Partner, including any representations by RU SOLAR or its Brand Partners not explicitly made in the Agreement or in official publications. The Agreement may not be altered or amended, except as provided in the Agreement. Should any discrepancy exist between the terms of the RU SOLAR Brand Partner Agreement and the P&Ps, the terms of the Brand Partner Agreement will prevail.

1.4 – Agreement Term and Renewal

The Brand Partner Agreement has a term of twelve (12) months beginning upon acceptance of the Brand Partner Agreement by RU SOLAR. At the end of the term, the Brand Partner Agreement will automatically be renewed for an additional twelve (12) month term, unless either party gives written notice of its intent not to renew or terminate the Brand Partner Agreement. RU SOLAR reserves the right to charge a renewal fee.

SECTION 2: BECOMING AN INDEPENDENT BRAND PARTNER

- e) Participate in RU SOLAR-sponsored training, motivational and recognition events upon meeting qualifying criteria and payment of appropriate charges, if applicable; and
- f) Participate in RU SOLAR-sponsored incentive trips and programs, if eligible).

SECTION 3: CODE OF ETHICS

RU SOLAR has established this Code of Ethics as a standard of the highest levels of professional conduct and behavior to be followed when operating a RU SOLAR business. Each Brand Partner agrees to follow and abide by the following Code of Ethics. As a RU SOLAR Brand Partner, I agree that:

- a) I will operate my RU SOLAR business in a lawful, ethical and professional manner and in compliance with the Direct Selling Association’s Code of Ethics (see www.dsa.org/code-of-ethics). I will avoid all misleading, deceptive, illegal and unethical practices.
- b) I will not engage in any activity that would harm the reputation of RU SOLAR or its affiliates and shall not make disparaging statements about RU SOLAR, its employees or other Brand Partners.
- c) I will abide by all federal, state and local laws and regulations governing the marketing and sale of products of RU SOLAR.
- d) When I attend any RU SOLAR events including awards ceremonies, banquets, promotions and reward trips, I will conduct myself with etiquette and in a professional manner that upholds the high standards of the RU SOLAR.
- e) I will be truthful when marketing services provided by RU SOLAR and soliciting Brand Partners or solar leads of RU SOLAR services (“Customers”).
- f) I will not make any diagnostic, therapeutic or curative claims for any RU SOLAR product. I will not make any claims that are not approved and contained within official company literature. I am aware that people may interpret my own personal experiences as an “extension of product claims” if I use those experiences as a sales device.
- g) I will not make any income claims or representations regarding the Compensation Plan. I am aware that no organization grows in a perfect progression and it is impossible to predict incomes. A Brand Partner’s success depends on many variables and that it is up to each individual’s efforts to determine their success.
- h) I will always conduct myself in an honest, fair manner being respectful of all people, including other Brand Partners and professionals of other network marketing companies.
- i) I will not target the sales force of another direct sales company to become Brand Partners or violate the terms of their contract with such company. I bear the sole risk and sole liability for such activities, which activities are not endorsed or supported by RU SOLAR.

SECTION 4: OPERATING A RU SOLAR BUSINESS

4.1 – Identification Number

All Brand Partners will be assigned a unique identification number (“ID”) for the purpose of their RU SOLAR business. The ID shall be placed on all correspondence with RU SOLAR.

4.2 – Business Activities

Brand Partners are self-employed, non-exclusive independent contractors and are solely responsible for their own business activities, decisions and expenses, which result from their business operations. These expenses may include, but are not limited to, licenses or permits required to operate their business, legal fees, telephone expenses, travel expenses, advertising and tax. Brand Partners are prohibited from signing or entering any agreement, opening any bank account, securing credit or making purchases in the name of or on behalf of RU SOLAR or its affiliates.

4.3 – No Exclusive Territorial Rights/Restrictions on Solicitation

Brand Partners are not granted any exclusive territory in which to conduct their business, nor shall any Brand Partner imply or state that they have an exclusive territory for sales or sponsoring purposes. Each Brand Partner will have the right to conduct business in the locations authorized by RU SOLAR, without exclusivity. Brand Partners may solicit customers or Brand Partners only in geographic locations designated in writing by RU SOLAR. Brand Partners may only market, solicit or sell the products designated in writing by RU SOLAR.

4.4 – Tax

Brand Partners are independent business owners and will not be treated as a franchisee, owner, or employee of RU SOLAR for federal or state tax purposes including, with respect to the Internal Revenue Code, Social Security Act, federal unemployment act, state unemployment acts or any other federal, state, or local statute, ordinance, rule, or regulation. Each Brand Partner is solely responsible for the payment of self-employment, Social Security, income and other taxes as required by law. No taxes are deducted from any commission and/or bonus payments. At the end of each calendar year, as required by law, RU SOLAR will provide an IRS Form 1099 to all applicable Brand Partners. It is the Brand Partner's responsibility to provide RU SOLAR with the proper Social Security number or taxpayer identification number for the purpose of Internal Revenue Service filings. References in these P&Ps to 'positions' means status or ranking within the RU SOLAR Compensation Plan and is not intended to imply any form of employment arrangement between the Brand Partners and RU SOLAR.

SECTION 5: ACCOUNTS

5.1 – Brand Partner Address

The address listed on the Brand Partner Agreement will serve as the Brand Partner's mailing address for all purposes and must be either the Brand Partner's primary residence or business address. If the mailing address listed on a Brand Partner's application is identical to the mailing address utilized by other Brand Partners, all Brand Partners utilizing such identical address may be required, at RU SOLAR's sole discretion, to furnish additional information to RU SOLAR.

Brand Partners must report any change of address, telephone number or email address by submitting a ticket through the support portal in the Brand Partner's Virtual Office, emailing Brand Partner Services at support@revitalu.com or by sending written notice to the attention of Brand Partner Services. All parties must sign written notification of an address change when a Brand Partner position is owned by more than one individual (e.g., husband and wife hold one position together). The Brand Partner will be placed on inactive status if mail is returned to sender because RU SOLAR has not been informed of an address change.

5.2 – Multiple Positions Prohibited

A Brand Partner may not own, operate, or have an interest in more than one Brand Partner position except as expressly stated herein. Multiple positions as a Brand Partner may be permitted upon written approval by RU SOLAR only as follows:

- a) An individual is an uncompensated member of the board of directors of a charitable foundation or a non-profit corporation that is also an active Brand Partner;
- b) A Brand Partner inherits a Brand Partner position; or
- c) RU SOLAR, in its sole discretion, waives the multiple-position policy. Such waiver shall be specific, and only will apply to the Brand Partner directly waived from the prohibition.

5.3 – Enrollment of Spouses

Spouses can sign up as Brand Partners:

- a) As a single Brand Partner (example: John and Jane Doe);
- b) With individual Brand Partner positions with the same sponsor; or
- c) One spouse may personally sponsor the other (example: John Doe personally sponsors Jane Doe);

The term 'spouse' used in these P&Ps is deemed to include common law couples, and all terms and conditions herein affecting spouses, shall apply equally to common law spouses (including the provisions herein relating to marriage and divorce).

A husband and wife, whether operating as a single Brand Partner (Joint Account) or each with his or her own positions, represent to RU SOLAR that each of them (i) is jointly bound by the terms of the Brand Partner Agreement and these P&Ps; (ii) is responsible for any and all conduct by his or her spouse even if only one spouse is designated as a Brand Partner; and (iii) understands that if the spouse of any Brand Partner acts in a manner which would be a violation of the Brand Partner Agreement and/or these P&Ps, such a violation will be attributed to each of the Brand Partner position(s), and to both the husband and wife.

Any Brand Partner may not have simultaneous beneficial interests in more than one Brand Partner entity. For example, a shareholder in a corporation that holds a Brand Partner position, cannot also hold an individual Brand Partner position.

5.4 – Divorce

Should a married couple operating a single Brand Partner position divorce, they may elect to continue to operate a single business in the same name as originally submitted, or they may provide RU SOLAR with a certified copy of the final decree of divorce which sets forth new ownership of the Brand Partner position. A completed Sale / Transfer document dated no later than ten (10) business days after the date of the final decree of divorce and a forty-five dollar (\$45) non-refundable processing fee is required for a transfer or sale. The Brand Partner position will retain its pre-divorce ownership and no changes to the Brand Partner position will be implemented until RU SOLAR receives proper documentation.

5.5 – Fictitious and/or Assumed Names

A Brand Partner position may not be assumed using a fictitious or assumed name.

5.6 – Phantom Positions

A Brand Partner shall not provide false or invalid information on a Brand Partner Agreement. Placing another individual's name or establishing phantom Brand Partner positions is a violation of the Brand Partner Agreement and these P&Ps and may result in the immediate termination of the Brand Partner Agreement, claw back and loss of all commissions, bonuses and other payments.

SECTION 6: BUSINESS AND LEGAL ENTITIES

6.1 – Corporations, Partnerships, Limited Liability Companies, and Trusts

To become a new Brand Partner as a corporation, partnership, limited liability company, or a trust (each a "Business Entity") or to change one's individual status to a Business Entity, the following must be provided to RU SOLAR:

- a) A completed Brand Partner Agreement signed by an individual authorized by the Business Entity;
- b) A copy of the official notification from IRS issuing the Business Number to the Business Entity (which notification must include the Business Number itself);
- c) A copy of the incorporation or other formation documents that have been certified by the applicable government body in the jurisdiction of formation of the Business Entity;
- d) The full name and address of all of the equity owners of the Business Entity and of all managers, directors, officers and trustees, as applicable;
- e) A copy of a fully signed resolution authorizing the Business Entity to enter into the Brand Partner Agreement; and
- f) A letter from the Business Entity designating one individual, who must be at least 18 years of age, as the responsible party for the Business Entity's operations and sales.

A Business Entity may become a Brand Partner subject to prior approval by RU SOLAR, however, no individual may hold an interest in more than one Brand Partner position. Equity owners, managers, officers, directors, trustees or beneficiaries of a Business Entity applying as a Brand Partner may not have been (i) a Brand Partner as an individual, or (ii) an equity owner, officer, manager, director, trustee or beneficiary of another Brand Partner Business Entity within six (6) calendar months preceding the execution of the new Brand Partner Agreement.

6.2 – Non-Profit Organizations

Non-profit organizations may become Brand Partners of RU SOLAR if they provide copies of the following documents to accompany the Brand Partner Agreement:

- a) Articles of formation, trust documents and/or other applicable governing documents;
- b) A list of all directors and officers involved in the non-profit organization and those who are authorized to enter into a contract on behalf of the organization;
- c) A federal ID number or other applicable identification number associated to the non-profit organization; and
- d) Verification of 501c (3) status.

SECTION 7: SPONSORSHIP

7.1 – Sponsor Support and Trainings

Brand Partners may sponsor other Brand Partners in any country in which RU SOLAR is authorized and open for business. Sponsors shall ensure that each new Brand Partner has received, has access to and understands RU SOLAR's Brand Partner Agreement, the P&Ps and the Compensation Plan. A Brand Partner will be compensated only for generation of solar leads or sales, not for sponsoring new Brand Partners. Brand Partners must provide ongoing advice and support to their downline organization and maintain regular communication and bona fide advisory support to Brand Partners in their downline. Brand Partners are encouraged to assist new Brand Partners in training and enrolling new Customers and other Brand Partners.

Both Brand Partners and Customers have three (3) days from their enrollment date to request a move to a different sponsor.

The exception to this rule will apply to Brand Partners who are in the holding tank, Customers who wish to become Brand Partners, or requests made due to pending legal action or other extenuating circumstances that warrant a move:

- a) A Brand Partner who is in a holding tank can request to be moved to another Sponsor in the same downline. No moves will be made to another organization.
- b) A Customer who upgrades their account to a Brand Partner account will have the right to request to switch their sponsor. This request will only be granted if made within three (3) days of switching their account from a Customer account to a Brand Partner account. Brand Partners can be their own Customer, but cannot have a separate Customer account under a different sponsor.
- c) In the rare event that a Brand Partner move is granted outside of the three (3) day window, only the Brand Partner making the request will be moved. The Brand Partner's downline organization and Customers will not be moved.

In the event the move request is denied, a Brand Partner may rejoin RU SOLAR under a new sponsor, only after a period of no less than six (6) months from the date that the Brand Partner's relationship with RU SOLAR was voluntarily terminated or he or she failed to renew the Agreement.

Although it is strongly discouraged and is seldom permitted, a Brand Partner may transfer to a different sponsor or sponsorship line, subject to the written approval of RU SOLAR, which may be withheld in its sole discretion, if the following conditions are met:

- a) If the transferring Brand Partner is within the same sponsorship group, notarized signatures are required from all Brand Partners that are or may be impacted by the move.
- b) If the transferring Brand Partner is outside the same sponsorship group, a notarized statement signed by all affected upline Brand Partners shall be submitted reflecting that each affected party understands and consents to the transfer.
- c) Any request for transfer of Sponsorship shall require;
- d) A written request for transfer explaining the exact reason for the requested transfer shall be submitted to RU SOLAR, and;
- e) Incur a fifty dollar (\$50) transfer fee payable to RU SOLAR
- f) The final approval of RU SOLAR, if granted, will apply only to the Brand Partner making the request and not the Brand Partner's downline organization.

SECTION 8: SALE OF PRODUCTS

8.1 – Terms of Product Sales

RU SOLAR has the sole right to accept or reject Customer orders for products, to establish and change without notice the Customer's prices of products and to establish the terms and conditions of their offering. RU SOLAR and its affiliates may discontinue offering or selling any product, without liability or obligation. Brand Partners may only offer products in accordance with rates and terms and conditions established by RU SOLAR, or its affiliates. Brand Partners may only use those means of marketing and selling of products that are acceptable to RU SOLAR and its product providers, as specified verbally, in writing, or posted in RU SOLAR's website from time to time.

8.2 – Personal Purchases

Brand Partners are not personally required to become a RU SOLAR Customer or purchase products, literature or sales aids (i) to become a Brand Partner, (ii) to receive commissions, bonuses or other remuneration under the RU SOLAR Compensation Plan or (iii) move up in rank or status within the RU SOLAR Compensation Plan. The only mandatory payment to become a Brand Partner is enrolling in the RU SOLAR program. Brand Partners must not represent that there is any obligation to purchase products, literature or sales aids, nor shall they represent that bonuses, commissions or other earnings may be obtained solely from the purchase of such materials.

SECTION 9: RU SOLAR OPPORTUNITY

Each Brand Partner begins with an equal opportunity for income. The RU SOLAR business presentation script is designed for Brand Partner to present the RU SOLAR business clearly and easily. Brand Partners understand and agree that only RU SOLAR corporate materials may be used in training sessions and business presentations. Brand Partners must present the Brand Partner and Customer opportunities as separate relationships, so that each prospect will choose only those relationships he or she truly desires.

In presenting the RU SOLAR opportunity to potential Brand Partners, only those figures published by RU SOLAR and made available to Brand Partners for the specific purpose of sponsoring may be utilized. The use of other written or verbal income projections, actual Brand Partner commissions, all other income potential presentations whatsoever, or any other unauthorized materials are strictly prohibited.

9.1 – Earnings

All compensation paid to Brand Partners is based upon Customer sales and solar leads generated. RU SOLAR makes no guarantees of income or claims of profits or success. Any success achieved is based solely upon a Brand Partner's personal effort, commitment and skills. Brand Partners may not make income projections or income claims when presenting or discussing the business, RU SOLAR, its services, or the RU SOLAR Compensation Plan to a prospective Brand Partner or Customer. Reasonable hypothetical income examples that are used solely to explain the operation of the Compensation Plan, and which are based solely upon mathematical projections, may be made to prospective Brand Partners, so long as the Brand Partner makes it clear to the prospective Brand Partner that such earnings are hypothetical, as well as providing to each prospective participant a copy of the current RU SOLAR Income Summary Statement, if available, which outlines what a "typical participant" in the Compensation Plan is likely to make. The RU SOLAR Income Summary Statement will change from time to time to reflect updates in compensation figures. Currently, it reads as follows:

"While this is a great money-making opportunity, it is important to keep in mind that there are no guarantees regarding income. Our estimate of what the typical participant is likely to earn is approximately two hundred fourteen dollars (\$214) per year. A Brand Partner, for the purposes of this estimate, includes all Brand Partners who make a solar lead referral and recruit two additional qualified

Brand Partners within a one-year period. This estimate will be updated annually. This 'typical' figure is Brand Partner of the smallest range of compensation expected to be earned by over fifty percent (50%) of all Brand Partners in the plan."

9.2 – Telephone Procedures

Brand Partners may not answer the telephone in any manner that gives callers a reason to believe that they have reached the corporate offices of RU SOLAR, including answering the telephone by responding "RU Solar" or by using any other form of their name which could be considered deceptive or misleading by the general public.

9.3 – Events

RU SOLAR supports the practice of opportunity meetings, business receptions and training for the purpose of facilitating sales, as they are valuable tools when conducted with professionalism and integrity.

Brand Partners may charge an entrance fee, but the total fees received must not exceed the reasonable cost of such meetings and trainings or special events; provided, however, no Brand Partner may charge a fee or request payment from a prospective Brand Partner or Customer. No meeting or training is allowed to create any profit to those Brand Partners conducting the event.

Brand Partners sponsoring such events must keep a detailed registration list of all attendees and documentation of revenues and expenses which must be provided to RU SOLAR upon request. RU SOLAR, in its sole discretion, may attend and audit any event to ensure compliance with these P&Ps and may use recording devices in connection with such audits.

9.4 – Soliciting and Cross-Recruiting Restrictions

Brand Partners understand and agree that Customers procured on behalf of RU SOLAR, are Customers of RU SOLAR. During the term of the Agreement and for one (1) year thereafter, Brand Partners may not directly or indirectly, individually or through others:

9.4.1. recruit Brand Partners or its Customers for other network marketing or direct sales businesses or opportunities (a "Network Marketing Business");

9.4.2. solicit or encourage Brand Partners or Customers to terminate or alter their business or contractual relationship with RU SOLAR;

9.4.3. Otherwise solicit, divert, take away or interfere with any of the Customers, employees of RU SOLAR or its Brand Partners;

9.4.4. Associate their RU SOLAR business activities with any non-RU SOLAR business opportunity, products, services or other competing or inappropriate activities; or

9.4.5. Cross-recruit existing Brand Partners or Customers from other sponsors and/or downlines to move to their team.

The term, "recruit" means the actual or attempted sponsorship, solicitation, enrollment, encouragement or effort to influence in any way, either directly, indirectly (including but not limited to the use of a website or social media), or through a third party, another RU SOLAR Brand Partner or Customer to enroll in

another Network Marketing Business. This conduct constitutes recruiting even if a Brand Partner's actions are in response to an inquiry or contact made by another Brand Partner.

Brand Partners stipulate that because the Network Marketing Business is conducted in other countries, often through networks of independent contractors, and business is commonly conducted via the internet and telephone, an effort to narrowly limit the geographic scope of this non-solicitation provision would render it wholly ineffective. Therefore, Brand Partners agree that this non-solicitation provision shall apply in all countries in which RU SOLAR conducts business at the time the restriction is applicable. Brand Partners agree that the geographic scope applicable to this provision is reasonable and further waive any claim or defense that the non-solicitation provision is void or voidable based on the breadth of its geographic scope.

Notwithstanding this prohibition, it is permissible for a Brand Partner to recruit his or her immediate family members during the twelve-month (12) period after termination to another Network Marketing Business, even if those immediate family members are current RU SOLAR Brand Partners.

Each Brand Partner stipulates that if he or she violates any part of this section, RU SOLAR will be irreparably harmed and calculation of the full extent of RU SOLAR's damages will be difficult. Brand Partner therefore stipulates that RU SOLAR shall be entitled to immediate temporary, preliminary, and permanent injunctive relief against Brand Partner and all those acting in concert with him or her to prevent and enjoin any violation of this section. This remedy is in addition to any other legal remedies to which RU SOLAR may be entitled, including disciplinary sanctions under the Agreement and recovery of damages caused by a Brand Partner's breach. The provisions of this section shall survive termination of the Agreement.

9.5 – Endorsements

Brand Partners may not make any claim that RU SOLAR or any of its products have been endorsed by any regulatory agency.

9.6 – Stacking

Stacking is the fraudulent manipulation of the RU SOLAR Compensation Plan. Stacking occurs when a sponsor places Brand Partners or Customers under a downline Brand Partner (who may not know or have any relationship with the Customers and/or Brand Partners) in order to trigger commission and/or a promotion.

Stacking is unethical and unacceptable behavior and may result in the termination of the Brand Partner Agreements of all Brand Partners found to be involved and will result in the loss and claw back of all commissions, bonuses and other payments.

9.7 – International Sales

A Brand Partner who chooses to sponsor internationally may do so, only in countries in which RU SOLAR has registered to operate its business and must comply fully with the rules of operation of a Brand Partner in that country. Any violation of this rule constitutes a material breach of the Brand Partner Agreement and is grounds for immediate termination of the Brand Partner.

9.8 – Product Claims

Brand Partner shall make no claim, representation or warranty concerning any product of RU SOLAR except those expressly approved in writing by RU SOLAR or contained in the official RU SOLAR materials.

9.9 – Promotional Items

The use of automatic dialing machines or other telemarketing operations or unsolicited telephone calls, facsimiles, broadcast fax services or unsolicited texting in connection with the sale of services of RU SOLAR to Customers or the recruitment of Brand Partners is not permitted.

9.10 – Telemarketing/Faxes/Text

The use of automatic dialing machines or other telemarketing operations or unsolicited telephone calls, facsimiles, broadcast fax services or unsolicited texting in connection with the sale of services of RU SOLAR to Customers or the recruitment of Brand Partners is not permitted. Brand Partners must comply with all federal, state and local laws governing telephone solicitation and/or transmittal of faxes. Although RU SOLAR does not consider Brand Partners to be “telemarketers” in the traditional sense of the word, government regulations broadly define the term “telemarketer” and “telemarketing” so that an inadvertent action of calling someone whose telephone number is listed on the federal “do not call” registry could cause a violation of the law.

9.11 – Sales Presentations

At sales presentations, Brand Partners shall truthfully identify themselves, their services, and the purpose of their business to prospective Customers. Brand Partners may not use any misleading, deceptive, or unfair sales practices. Explanations of services offered shall be accurate and complete including, but not limited to, with regard to price, terms of payment, and inability to provide guarantees of savings. Personal or telephone contacts shall be made in a reasonable manner and during reasonable hours to avoid intrusiveness (note, however, that telemarketing is not permitted). Brand Partners must immediately discontinue a sales presentation upon the request of a potential Customer. Brand Partners shall not directly or by implication, denigrate any other company, Brand Partner or RU SOLAR employee. Brand Partners shall refrain from using comparisons, which are likely to mislead, and which are incompatible to the principles of fair competition. Brand Partners shall not abuse the trust of individual consumers and shall not exploit a Customer’s age, illness, lack of understanding or lack of language expertise.

9.12 – Orphan Customers
