CAN I TAKE SMART CAPS WITH MY REGULAR CUP OF COFFEE?

We do not recommend consuming our Smart Caps at the same time as other caffeinated products. One capsule contains 150 milligrams of caffeine, about the same as one large 12-ounce cup of regular coffee. However, you can enjoy your regular coffee at a different time during the day or make a decision based on your own caffeine tolerance.

I DON'T HAVE CAFFEINE ON A DAILY BASIS. SHOULD I TAKE THE USUAL SERVING?

If you are sensitive to caffeine, please be aware that one Smart Cap contains 150 milligrams of caffeine, the equivalent of a large 12-ounce regular coffee. If this product is too strong for you, we recommend you check out our other products such as our Smart Coffee or Smart Cocoa, which can have customized servings.

CAN MY ADOLESCENT CHILD TAKE SMART CAPS?

revital U Smart Caps are not intended for individuals under the age of 18.

ARE SMART CAPS SAFE TO USE LONG-TERM?

We are not aware of any negative effects associated with ongoing use of our product when it is used as directed. We recommend that you consult with your physician, if you have any concerns about taking this product.

CAN I TAKE SMART CAPS WHILE ALSO BEING ON MEDICATION?

We recommend customers to take our ingredients list and consult with their physician. Like any other product, there are possible interactions when mixed with medication.*

CAN I TAKE SMART CAPS IF I AM PREGNANT OR NURSING?

No, we do not recommend this product for pregnant or nursing moms.
