Welcome to revital U

Terminology
revital U does more than just encourage people to start the day off right, with a daily serving of a smart product. We want to help you look and feel better, and also live a fulfilling life.

If you love what our products have done for you and want to help others, this is a great opportunity. For a one-time fee of $99.99, you establish yourself as an Independent Brand Influencer (Bi).

As a Brand Influencer, you receive a personalized website, a Sample Platform, a mobile app, a version of our online business system (U Office), full corporate support, and executive module business and leadership training.

You’ll have the opportunity to earn one-time New Customer Bonuses and monthly customer commissions.

**Note:** A Hyperwallet email is sent out when Influencers earn a commission of at least $10. This applies to every commission run. If an Influencer does not earn at least $10, the earnings will rollover each month until the $10 payout threshold is earned.

### New Customer Bonuses

For New Customer Bonuses, a Bi needs to enroll a minimum amount of total customers, within 60 days, to receive one-time bonuses of up to $500. In order to earn these bonuses, the customers must have a join date and an order date within 60 days, from the enrolling Bi’s application date.

When a Bi personally enrolls five (5) customers within their first 60 days, they will receive a one-time $50 bonus. When a Bi personally enrolls 10 customers within their first 60 days, an additional one-time $50 bonus is added – for a total of $100. If a Bi enrolls 15 customers within their first 60 days, another $100 bonus is added on top, making the total $200. Lastly, if a Bi personally enrolls 25 customers or more within their first 60 days, a $300 bonus is added on top of the aforementioned – for a grand total of $500.

A Bi can also qualify for Personal Customer Commission (PCC). A Bi earns their commission through a percentage taken from customers’ orders. For example, if a Bi personally enrolls five (5) to nine (9) customers, with active orders for the month, they will earn five (5) percent of the total sales from those customers’ orders.

A maximum of one (1) product, personally purchased by a Bi, QBi or EBi can be counted in all five (5) to nine (9) customers’ tiers, needed for the five (5) percent commission. A maximum of two (2) products, personally purchased by a SBi and above, can be included in all percentages. Unless it’s a Credit Pack 3, which can be counted as 3.

Continuing with Personal Customer Commission, if a Bi has 10 to 14 Personally Enrolled Customers, with active orders for the month, they will earn a 10 percent commission. If a Bi personally enrolls 15 to 24 customers, with active orders, they will earn a 15 percent commission. Lastly, if a Bi personally enrolls 25 or more customers, with active orders, they will earn a 25 percent commission.

PCC is paid monthly. Figuring out your commission is simple. Let’s say a Bi has 10 customers, with 10 active orders, at the retail price of $49.99. This equals to $499.90 worth of product. Now, in this situation, there’s a 10 percent commission, so 10 percent of $499.90 is $49.90. This is the Bi’s Personal Customer Commission for the month.

It’s important to note that for this method, Influencers must meet their target of having X amount of customers, with X amount of active orders. If they don’t, they must find new customers to fulfill the need or risk being dropped a tier, and subsequently, earn a lower commission.

Qualified Brand Influencer Rank

Sharing our products and attracting customers can help a Bi move up the ranks, to become a Qualified Brand Influencer (QBi). This happens when a Bi enrolls a
minimum of five (5) active new customers.

A QBi has a 15 day grace period after falling out of qualification. Within this grace period, the Influencer must work to meet the necessary requirements, again.

**10 Percent Personal Commission For Your First 60 Days!**

To help you get started off BIG, as a new Qualified Brand Influencer, you will automatically earn a 10 percent Personal Customer Commission, for your first 60 days! The only requirement is that you maintain QBi status. After the 60 days are up, you will be paid based on the number of Personally Enrolled Customers you have, with active orders for that volume period.

**Executive Brand Influencer Rank**

A person can keep building their business by becoming an Executive Brand Influencer (EBi). An Executive has a minimum of five (5) Personally Enrolled active Customers (PEC). An EBi must also enroll two (2) people, who will become QBis themselves, with their own five (5) Active Personally Enrolled Customers each.

Therefore, each enrolled QBi must have paid the one-time fee of $99.99, have a minimum of five (5) PEC. In total, an Executive will have a minimum of ten (10) total Team Customers, coming from the customers enrolled by the two enrolled QBis.

It’s important to know that the two enrolled QBis are separate from the five (5) PEC. If in the occasion that X number of your already existing customers want to become Influencers under you, you will lose them as customers. You must then replace them to meet the minimum PEC of five (5). This “loss and replace” method is true for PEC in all ranks.

An EBi has a 30 day grace period after falling out of qualification. Within this grace period, the Influencer must work to meet the necessary requirements, again.
Senior Brand Influencer Rank

After successfully achieving Executive rank, the next milestone is becoming a Senior Brand Influencer (SBI). An EBi becomes a Senior when they have a minimum of 10 Personally Enrolled Active Customers, with $399 in total Personal Customer Volume.

The SBI must also have a minimum of three (3) legs. A leg is created when a person is front line to you either by personally enrolling directly under you or by placement directly under you. As mentioned before, if a customer becomes an Influencer under you, then you will lose them as a customer and must replace them to keep the minimum PEC.

In this case, three (3) of your PEC can become Influencers to create your three (3) required legs but then you will lose three (3) PEC and be down to seven (7) PEC. You will then need to find new customers to go back up to 10 PEC. This “loss and replace” method is true for PEC in all ranks.

In each leg, there must be one (1) Executive Brand Influencer – for a total of three (3) Executives. These Influencers do not have to be personally enrolled by you, they just need to be in the required leg. In addition, there must be a minimum of 25 Team Customers with active orders per leg.

Overall, a Senior must have a minimum of 75 total Team Customers.

A SBI has a 60 day grace period after falling out of qualification. Within this grace period, the Influencer must work to meet the necessary requirements, again.

Regional Brand Influencer Rank

From here on out, moving up the ranks no longer focuses on growing your number of Personally Enrolled Customers (PEC) and Personal Customer Volume (PCV). Instead all Influencers, from Regional to Platinum, must maintain a minimum of 10 Active PEC and a minimum of $399 in total PCV.

Similar to the last rank, a RBi, must have the aforementioned PEC and PCV, in
addition to having a minimum of three (3) legs. A Regional must also have a minimum of 1,000 total Team Customers, with a minimum of 250 Team Customers per leg. All Team Customers must have active orders.

A RBi has a 90 day grace period after falling out of qualification. Within this grace period, the Influencer must work to meet the necessary requirements, again.

**National Brand Influencer Rank**

Once a RBi has conquered their rank, they can strive to become a National Brand Influencer (NBi). A NBi continues following the pattern of having a minimum of 10 Active PEC and a minimum of $399 in total PCV.

A NBi also has a minimum of four (4) legs, with a minimum of two (2) Executive Brand Influencers and a minimum of two (2) Regional Brand Influencers (RBi). There will either be one (1) EBi or one (1) RBi in each leg. These Influencers do not have to be personally enrolled by you, they just need to be in the required leg. A National must also have a minimum of 5,000 total Active Team Customers, with a minimum of 1,000 Active Team Customers per leg. All Team Customers must have active orders.
A NBI has a 120 day grace period after falling out of qualification. Within this grace period, the Influencer must work to meet the necessary requirements, again.

Global Brand Influencer Rank

As people continue working up the ranks, they have the potential to become Global Brand Influencers (GBi). Like in the below ranks, a GBi must maintain a minimum of 10 Active PEC and a minimum of $399 in total PCV.

A GBi also has a minimum of four (4) legs, with a Regional Brand Influencer (RBI) in each leg – for a total of four (4) RBIs. These Influencers do not have to be personally enrolled by you, they just need to be in the required leg. A Global must also have a minimum of 15,000 total Active Team Customers, with a minimum of 2,500 Active Team Customers per leg. All Team Customers must have active orders.

A GBi has a 180 day grace period after falling out of qualification. Within this grace period, the Influencer must work to meet the necessary requirements, again.

Platinum Brand Influencer Rank

Our highest rank is Platinum Brand Influencer (PBI). GBis can become Platinums by maintaining a minimum of 10 Active PEC and a minimum of $399 in total PCV.

A PBI also has a minimum of six (6) legs. A Platinum must have a minimum of 50,000 total Active Team Customers, with a minimum of 5,000 Active Team Customers per leg. All Team Customers must have active orders.

A PBI has a 270 day grace period after falling out of qualification. Within this grace period, the Influencer must work to meet the necessary requirements, again.
Team Customer Commission

Teams are led by seven different ranks (six being Executive ranks): Qualified Brand Influencer (QBi), Executive Brand Influencer (EBi), Senior Brand Influencer (SBi), Regional Brand Influencer (RBi), National Brand Influencer (NBi), Global Brand Influencer (GBi) and Platinum Brand Influencer (PBi).

As you build your team, you can become eligible for Team Customer Commission (TCC). This is paid once a month, for the volume period of the previous month. This plan rewards you in two key areas.

The first is by building what we call an Open Line Customer Volume (OCV). An Open Line allows team leaders to earn a certain percentage, from the total volume from team members, who have not reached the same rank as them or higher.

The second type of TCC is what we call Leadership Development Generations (LDG). These apply to team members who are the same rank as the team leader or higher.

Qualified Brand Influencer TCC

Qualified Brand Influencers (QBi) are in a unique position when it comes to Team Customer Commission. A QBi begins with an Open Line of two (2) percent commission and Leadership Development Generation 1, at one (1) percent commission. Any additional LDGs are determined by the Influencer’s number of personal customers, as seen in the table on the next page:

**Example 1**: If a QBi has 15 customers, they will have an Open Line of two (2) percent, along with LDG 1 and 2 at one (1) percent. If a QBi has 25 customers or more, they will have an Open Line of two (2) percent, LDG 1 and 2, with the additions of LDG 3 and 4 at one (1) percent each.

**Example 2**: Let’s say a leg of yours has a Brand Influencer, then another Brand Influencer, then another Brand Influencer, followed by a Qualified Brand Influencer, followed by a Global Brand Influencer and ended by a Regional Brand Influencer.
Depending on your rank, your Open Line and LDGs will vary. If you, the leader of this team, are a QBi, then you would have an Open Line of two percent from the first Brand Influencer to the Qualified Brand Influencer.

Then, you have a GBi, who is a higher rank than you, which will make this your QBi 1 and you will earn one percent from them.

Then, you have a RBi, who is a higher rank than you, which will make this your QBi 2 and you will earn one percent from them, as well. Lastly, you have a NBi, who is a higher rank than you. This will be your QBi 3 and you will earn one percent from them. Since a QBi team leader has 4 generations, there’s still one more QBi generation available, if there was an Influencer with the same rank or higher.
Executive Brand Influencer through Platinum Brand Influencer TCC

Following in the same pattern, the other six ranks also have an Open Line of two (2) percent. These ranks are: Executive Brand Influencer (EBi), Senior Brand Influencer (SBi), Regional Brand Influencer (RBi), National Brand Influencer (NBi), Global Brand Influencer (GBi) and Platinum Brand Influencer (PBi).

Every earned ranking, from Executive to Platinum, has an Open Line Customer volume of two (2) percent and up to three (3) Leadership Development Generations, at one (1) percent. Below is a break down of each rank’s Open Line and LDGs:

EBIs and SBIs have an Open Line of two (2) percent, along with LDG at one (1) percent.

A RBi has an Open Line of two (2) percent, with LDG 1, 2 and 3, as seen below:
A NBi has an Open Line of two (2) percent and LDG 1 at one (1) percent. A GBi has an Open Line of two (2) percent and LDG at one (1) percent.

Continuing with the aforementioned example of a leg, Open Line and LDGs work similarly for the rest of the ranks. To reiterate, let’s say a leg of yours has a Brand Influencer, then another Brand Influencer, then another Brand Influencer, followed by a Qualified Brand Influencer, followed by a Global Brand Influencer, followed by a Regional Brand Influencer and ended by a National Brand Influencer.
Depending on your rank, your Open Line and LDGs will vary. If you, the leader of this team, is an EBi, then you would have an Open Line of two percent from the first Brand Influencer to the Global Brand Influencer. Then you have a RBI, who is a higher rank than you, which will make this your EBi 1 and you will earn one percent from them. As an EBi, you only have an Open Line and EBi 1.

The same pattern goes for SBIs, NBIs and GBIs, who all have an Open Line and LDG 1.

Regional Brand influencers are in a unique situation, like QBIs, because they have an Open Line, plus 3 LDGs.

Following a similar example again, a RBi would have an Open Line of two percent from the Brand Influencer to the Global Brand influencer. Then, there’s a RBI, who is the same rank, which will make this RBI 1, with an earning of one percent.
Then there’s a NBi, who is a higher rank, which will make this RBi 2. Lastly, for this example, there is another NBi, who is a higher rank and this will be RBi 3.

Below is an overview of the ranks:

As Influencers achieve higher ranks, their Team Customer Commission accumulates, as seen in the table below:
If a person was a RBi, their TCC would consist of the accumulation of the Executive Open Line, Senior Open Line and Regional Open Line. Since all of the three have an Open Line of two (2) percent, a RBi would have a total of a six (6) percent Open Line and a total of three (3) percent in RBi 1, because each rank has it at one (1) percent. A RBi would also have RBi 2 and RBi 3 at one (1) percent each.

The same pattern happens for each rank, from Senior to Platinum.

**Global Bonus Pool**

Each quarter, Global Bonus Pool program allows leaders of each rank to earn 5% of the gross profit of the entire company. In order to qualify for this, you:

1- Must have a paid as rank of EBi or higher on the first day of each month within the quarter.
2- Must personally enroll 3 new Bi’s and 3 new customers within the quarter.
3- Can only participate in a pool if your enrollment date is prior to the first month of the quarter.

It runs each calendar quarter. In other words, January, February and March count as the 1st quarter, April, May and June are the 2nd quarter, July, August and September are the 3rd quarter and October, November and December count as the 4th quarter.

In terms of their payments, January - March will be included in April’s volume period that pays out in May. April - June will be included in July’s volume period that pays out in August. July – September will be included in October’s volume that pays out in November. October – December will be included in January’s volume period that pays out in February.
